

FALL OF HOUSE
TOOK DOWN 70Ten Men Killed and Five Are
Missing at Nuremberg, Bavaria

35 ARE SERIOUSLY INJURED

Power Station, Which Was Under Construction, Collapsed To-day—Only 20
of the Workmen Escaped With-
out Serious Injury.

Nuremberg, Bavaria, Aug. 2.—Ten workmen were killed, thirty-five were seriously injured and five are missing as the result of the collapse to-day of a power station which was under process of construction here. There were about seventy workmen engaged on the structure when the entire edifice fell, burying all of them. A score of them got out without serious injury.

AMERICAN CLIMBER
ASCENDS SIR SANDFORDHoward Palmer, Secretary of the Ameri-
can Alpine Club, Went Up 11,000
Feet and Over an Almost Con-
tinuous Ice Wall.

New York, Aug. 2.—The conquest of Mount Sir Sandford, the highest peak in the Selkirk by Howard Palmer, secretary of the American Alpine club, was announced here today. The ascent of the mountain, over 11,000 feet high and practically a continuous ice wall, was made on June 24.

PRACTICALLY GIVES UP CASE.

Snodgrass Girl's Death Has Not Been
Explained—Can Didn't Contain Either.

Catskill, N. Y., Aug. 2.—Greene county officials last night admitted that they were at a standstill in their efforts to unravel the mystery of the death of Miss Dorcas I. Snodgrass, the Mount Vernon nurse, whose dead body was found in Dubois creek here last Sunday.

District Attorney Wilbur said that the officials had followed up every clue but been able to learn nothing to shed light on the mystery.

"I was informed to-day," said Mr. Wilbur, "that Miss Snodgrass' sister, Mrs. John L. Crider, left Mount Vernon to-day for California, and that she was satisfied that no suspicious circumstances surrounded her sister's death. In view of that fact, I can see no reason for an additional expenditure of the county's money unless something tangible develops. We shall, of course, continue to investigate anything that seems to point to a solution."

The district attorney added that Dr. Rooney of Albany has reported that the can labeled "ether," found yesterday in Dubois creek, contained only some petroleum product, "probably a metal polish discarded by some yachtman," and that the presence of a "rough-appearing man on a lonely country road, about the time of the nurse's disappearance, had been explained."

ASK IMPEACHMENT
FOR JUDGE WRIGHTSentencing of Gompers Cause of Attor-
ney's Request to House.

Washington, Aug. 2.—Speaker Clark today received a letter from Attorney Francis T. Tobin of Philadelphia, demanding the impeachment of Associate Justice Daniel Thaw Wright of the District of Columbia supreme court. The letter was referred to the House judiciary committee.

Tobin charged that Justice Wright was influenced in his decision, sentencing President Gompers and other officials of the American Federation of Labor to jail for contempt of court, by the Bucks Stove and Range company and that Wright had violated his oath.

President Gompers said he knew nothing of the proposed contempt proceedings. "My views of Justice Wright and his conduct as a judge are fully expressed in the Federationist," he said.

WOMAN DIED OF SHOCK.

After Automobile Rolled Down Bank In-
to River Canal.

Utica, N. Y., Aug. 2.—Mrs. John E. Hubbard of De Ruyter, 66 years old, is dead as the result of an accident late yesterday afternoon, when an automobile slipped down an embankment into the Black river canal near the village of Boonville. The automobile contained a family party. Mr. and Mrs. John E. Hubbard and their son and wife, Mr. and Mrs. Lewis R. Hubbard, all of De Ruyter. They were going toward Rome and were about seven miles south of Boonville.

Meeting a load of hay at the rear of which was attached a horse rake, Mr. Hubbard turned to the far side of the road and stopped. While waiting for the farmer to pass, the road gave way under the automobile, wheels and the machine went down the embankment, turning over in four feet of water. All were pinned beneath the machine. The men were first to get out and succeeded in extricating the women. The elder Mrs. Hubbard, who was in the water about two minutes when rescued, was conveyed to a farmhouse and apparently revived but died a short time after from shock. The others escaped with bruises.

WALL COLLAPSED.

Six Workmen Badly Hurt in Brooklyn
When Building Fell.

New York, Aug. 2.—Six workmen were badly hurt and several others received injuries yesterday when a building under course of construction at Hoyt and Livingston street, Brooklyn, partially collapsed, sending down one-half of a three-story wall upon the workmen below.

MINKELSEN ROYALLY
GREETED IN DENMARKGreenland Explorer and Companion Re-
ceive Gold Medals From the King.

Copenhagen, Denmark, Aug. 2.—Captain Ejnar Mikkelsen, the Danish Arctic explorer, and the engineer, Iversen, who accompanied him, both of whom were rescued on July 17 last on the coast of Greenland by a Norwegian fishing vessel, arrived here today and were greeted by enormous crowds. The two explorers who had spent more than two years in Greenland, which they started to cross in the summer of 1910, after discovering the depot left by Mylius Eriksen, who, with two companions had perished in Greenland in 1908, were generally thought to have died in Greenland. Their arrival on July 27 at Alesund, Norway, caused considerable surprise and the relation of their terrible hardships and their almost miraculous rescue by Norwegian fishermen roused the greatest interest here and throughout the world. Captain Mikkelsen and engineer Iversen were late this afternoon received by the king at the palace, when his majesty conferred a gold medal on each of them.

ODD LADIES AND FRIENDS

Held Their Annual Picnic at Dewey Park
Yesterday Afternoon.

The annual picnic of the I. O. O. F. M. U. was held at Dewey park yesterday afternoon, where a large number of Odd Ladies and their invited friends met to enjoy the day. On their arrival at the park, lunch was served, which everyone enjoyed, after which the sports were as follows: Young ladies' race, Dolle Milne, Bella Thomson, Hannah Farrar; little girls' race, Gertrude Thomson, Jennie Milne, Hazel Jopp; boys' race, John Jopp, Robert Hay, John Hay; older boys' race, Wilfred Lovie, Willie Morrison, John Milne; married ladies' race, Mrs. Hay, Mrs. Lund, Mrs. Green. The feature of the day was a three-legged race by the following ladies: Mrs. Stewart and Mrs. Hay, first; Mrs. Reid and Mrs. Milne second; Mrs. Stephen and Mrs. Scott third; Mrs. Lund and Mrs. Morrison came straggling in last. A special prize was given to the leading couple, ice cream was then served, after which the company returned to the city, tired but happy.

HAVE CONTROL OF SMALLPOX.

Although There are Still Some Cases
in One or Two Communities.

Burlington, Aug. 2.—The smallpox situation in the state is once more in hand and at the present time there are only a few known cases. In St. Johnsbury where the epidemic broke out afresh, there are still about 14 cases, but no more have been found in this city and most of the towns seem to be rid of it for the present. The only discouraging feature of the thing is that other cases continually come into the state principally from Canada, and then the whole fight has to be begun over again. Most of the cases have been of the mildest type thus far and only one of the 499 or 500 which have been discovered in Vermont has proved fatal.

TALK OF THE TOWN

Dr. F. X. Z. Archambault will return
to-night or to-morrow from his trip
to Boston.

Fred Smith resumed his duties at the fire station to-day, after a 10 days' leave of absence.

Public dance at Howland hall Saturday, August 3, Riley's orchestra, Gents, 50c; ladies, free.

Lionel Mathieson of Garfield avenue, who has been spending the past week at Boston, returned last night to this city.

There will be a good assortment of home-made candies at the food market at the Baptist church Saturday afternoon.

Ralph Mitchell, who has been visiting in this city for the past few days, returned yesterday to his home in Stockholm.

A horse furnishing food for the sale at the First Baptist church are requested to have it at the church by 1 p.m. Saturday.

Mrs. Robert H. Jones of Allen street leaves to-night for Utica, N. Y., where she has been summoned by the death of her father.

Harry Stafford of Long street, who has been visiting at East Hardwick with relatives for the past few weeks, returned to this city to-day.

Miss Margaret McDonald of Graniteville was a visitor in this city yesterday, leaving on the afternoon train for Burlington, where she will visit for a few days.

Dr. V. E. O'Connor of Spencer, Mass., is employed at the Watt-Hudson dental parlors. Dr. O'Connor is a graduate of Tufts dental college. He is residing at 15 Wellington street.

Mrs. and Mrs. John A. Robertson and two children of 7 Bolster place, who have been spending the past two weeks in camp at Riverside lake and Groton pond, returned to this city last night.

William Innis, who has been employed for the past few weeks at Hardwick, returned to this city yesterday and commenced work this morning at the Mattinson estate plant on Batchelder's meadow.

E. Olney, a Fitchburg, Mass., lumber dealer, was a visitor in the city to-day. Mr. Olney was one of the guests at the Glen Falls house in Fairlee when it burned to the ground one morning recently. He had arisen before the flames broke out, and his escape was effected easily.

Humane Officer George W. Shannon of this city was called to Graniteville on Tuesday night. The complainant accompanied the humane officer to the stable of a Spaniard, where a cow was stalled with its neck braced. Officer Shannon stated that it was a case of unnecessary cruelty and admonished the owner against repetition.

This morning on the French estate the St. Monica's church altar boys excited the Barre All Stars in an exciting game by a score of 5 to 4. During the last few innings the game threatened to go into the extra innings, but the altar boys made the necessary runs to give them victory. The features of the game were the pitching of Alfred Braut and the catching of Hoar. The battery for the winning team was A. Braut and Jordon. For the losing team F. Mann, R. Carleton and Hoar were in the points.

MAKE OFFER
TO CONFERMill Manufacturers So Notify
Their 13,000 Employees

SETTLEMENT SEEMS NEAR

After Receiving Letter from the Mill
Owners, the Weavers' Union Execu-
tive Committee Voted to
Submit a Plan.

New Bedford, Mass., Aug. 2.—A settlement of the strike which has closed down a dozen cotton mills of this city and has thrown 13,000 persons out of work appeared nearer last night, when at a meeting of the executive committee of the weavers, a letter was received from Secretary William O. Devoll of the manufacturers' association, announcing that organization's willingness to confer with the weavers. The letter was in reply to one sent Wednesday by the weavers, announcing the weavers had planned to submit to the manufacturers. The letter to the manufacturers' association, which was signed by F. J. Duffy, secretary to the weavers, union, is as follows:

"After a special general meeting of our association on July 31, I was instructed to notify you that the weavers have a plan to submit in writing to present to your association. Wishing an early reply.

"Truly yours,
"F. Duffy, Jr.,
"Secretary Weavers' Union."

The reply from the manufacturers as read at a meeting of the executive council of the weavers last night is as follows:

"Answering your letter of the 31st ultimo, agreeably to your suggestion, kindly send your plan to the secretary of this association and a meeting will be called to consider the same, and in accordance with our letter of July 8, 1912, we will appoint a committee to confer with you if you so desire.

"Yours truly,
"W. O. Devoll."
Following the reading of the letter the executive committee of the weavers' union voted to submit a plan to the manufacturers. President Robin said that the plan was a better one than the grading system of payment, which was the cause of the strike.

Even should the strike be settled at once, it was learned from an official of the manufacturers' association, the mills would be unable to resume operations for a few days longer. In most of the plants extensive repairs and overhauling of machinery are being made.

THEY WANT SHORTER HOURS.

Boston Brass and Iron Foundry Workers
Also Want More Pay.

Boston, Aug. 2.—Four hundred workmen are on strike in seven brass and iron foundries and vicinity, the strikers demanding an increase of wages and shorter working hours.

BRITONS FIND FAULT.

Not Only With Their Own Poor Showing
But Methods of Others.

London, Aug. 2.—The continued agitation over Great Britain's poor showing in the Olympic games at Stockholm brought about a meeting last night of the athletic advisory club to consider the situation. Lord Desborough, who presided, said that if Great Britain competed at Berlin, where the next Olympic games are to be held, she must take the games as seriously as the other nations. He advocated a team representing the entire empire in the track events.

Lord Desborough said that England had not done badly in her palmist days but could not do better against a marvelous Kohlenmaier. "The Finn did so well," said he, "that I would not be surprised to see him running for the United States at Berlin."

Lord Desborough proposed that a fund of \$25 be raised in each of the next three years and \$50,000 the fourth year be used for preparations. A letter from Sir Arthur Conan Doyle was read, announcing that he will appeal to the public for \$125,000 for the same purpose.

The Rev. R. S. DeCoursey, LaFayette member of the British Olympic committee, proposed that \$150,000 be raised. He said that a Swedish trainer told him that if he had had the British athletes for three months the Americans would have stood no chance.

J. G. Merrick, president of the Athletic union in Canada, and secretary of the Canadian Olympic committee, declared that if the same care were taken in athletics, as in rowing and football, and if the Olympic winners were held in as high regard as in the United States, Canada and Great Britain could produce as good a team as the United States.

The most exaggerated impressions prevail in England regarding the American Olympic team. Enormous sums were spent and an army of trainers were carried according to the British newspapers. Lord Desborough is quoted as saying that the running track and swimming tank constructed abroad the summer Finland for the Americans, cost \$100,000. The solemn Blackwood magazine prints an editorial under the head, "The Folly of International Sport," which is the fiercest attack upon the Americans that has yet appeared. It accuses them of being professionals, "whose only business is to show that these United States can whip the universe."

The editorial continues: "In the train of the heroes, came a vast army of rooters, a peculiar adjunct to athletics happily unknown among Englishmen. We saw them four years ago, and do not cherish a pleasant memory of their antics. It is the business of the rooters to encourage their champions and to prove their disgust at every success not won under the Stars and Stripes. To this end they came armed with tin trumpets and unmeaning things called college yells."

The editorial concludes by advocating that the Olympic games be abandoned.

"The train of the heroes, came a vast army of rooters, a peculiar adjunct to athletics happily unknown among Englishmen. We saw them four years ago, and do not cherish a pleasant memory of their antics. It is the business of the rooters to encourage their champions and to prove their disgust at every success not won under the Stars and Stripes. To this end they came armed with tin trumpets and unmeaning things called college yells."

IS HEADED FOR BARRE.

Fugitive Who Eluded Deputy Sheriff on
Way to State's Prison.

Acting Chief of Police George K. Carlisle, a telephone message this noon from Deputy Sheriff R. J. Walker of St. Albans, saying that Walter Labadie, the Franklin county man who escaped at Northfield yesterday morning while the officer was taking him to Windsor to serve a state's prison sentence, had been traced to Berlin and that he had headed in the direction of Barre. Acting Chief Carlisle was asked to be on the lookout for the man and police headquarters this afternoon it was believed that he would be apprehended should he enter the city. Deputy Walker furnished the information that Labadie had inquired the way to Barre at several farm houses in Berlin.

Labadie is said to be 18 years old. He has a swarthy complexion with sharp features and stands 5 feet 6 inches. In the description of him furnished by Deputy Walker, Labadie is said to wear a blue suit, of tawdry fabric and much worn. He has two gold teeth on the upper jaw. He may be minus a cap, for that article was left in the possession of the deputy sheriff.

The man was convicted in St. Albans recently of breaking and entering cottages along the lake shore at St. Albans Bay. His arrest is said to have brought to a long list of mysterious burglaries, and when Sheriff George Holmes delegated Deputy Walker, to take him to Windsor, cottage owners in the bay vicinity were relieved.

At Northfield yesterday morning, Labadie went from the smoker to the platform of the car just as the train was pulling into the yard.

As the train slowed down he leaped to the ground and disappeared in the direction of West Berlin. The officer in charge immediately notified the officials in surrounding towns, and he himself took up the trail yesterday afternoon in the neighborhood of West Berlin. From Deputy Walker's report this noon, it was evident that Labadie was hard pressed by the hunters.

CANADA WANTS TO KNOW
HOW MONEY IS SPENTDeclared Prime Minister Borden in An-
nouncing That the Dominion is Pre-
paring to Assist Great Britain to
Maintain Naval Supremacy.

London, Aug. 2.—Robert L. Borden, prime minister of the Dominion of Canada, during his visit here made his position clear on the subject of what naval assistance Canada could offer to the mother country. Prime Minister Borden and his colleagues told the British cabinet that Canada is preparing to help Great Britain maintain her naval supremacy, and that when she does so Canada wants to be consulted as to the way the money is spent.

INJUNCTION AGAINST FENCE.

Granted By Judge Butler in Case of
Disputing Rutland Men.

Rutland, Aug. 2.—Judge Fred M. Butler of this city has issued a temporary injunction on the prayer of James E. Creed of Rutland restraining Michael Dunn from building a fence across an alleged right of way between lands of Creed and Dunn located on the west side of North Main street. G. W. Platt is counsel for the orator.

It is set forth in the bill that Mr. Creed some time ago deeded the property in question to Mr. Dunn, there being a condition, in writing that the former owner should have the use of the right of way specified.

Mr. Creed complains that Mr. Dunn has graded his land in such a way that the use of the right of way is impossible and it is also alleged that Mr. Dunn threatens to put up a fence which would further embarrass the orator.

MISSING MAN LOCATED.

George A. Waters of Middlebury Was
Found in Quebec.

Burlington, Aug. 2.—George A. Waters, the Middlebury man who came to Burlington July 11, and then disappeared from society, has been located in the city of Quebec. Yesterday Chief of Police Russell received a letter from the wife of the missing man at Middlebury stating that her husband had been located in Quebec and would return home soon. She asked the chief to return her the two small photos of her husband sent here by Deputy Sheriff Noble Sanford of Middlebury.

It appears that he came to this city July 11 and visited his niece, Miss Dorothy Bruce, employed at the Cometa Lunch rooms. Waters told her he had come here to purchase some gold to use in his jewelry business. When he paid his restaurant bill he exhibited a large roll of paper money. He said at the time he was going to the show and would visit his niece again before departure. That was the last seen of him.

Mrs. Waters' letter to the chief of police gives no inkling of why her husband left home or under what circumstances or how he was found.

WILL NOT BE REORGANIZED

Because Williamstown A. C. Decided Not
to Play With the Sunset League.

At a meeting of the Williamstown A. C. last night, at their rooms in Williamstown, it was voted that they would not be represented in the proposed reorganization of the Sunset league, dispelling all hopes of the league starting again this season. The East Barre A. C. and the Barre Blue Sox club had given their consent to rejoin the project, and the Italian Independent club of this city was very anxious for admittance, which would have been granted if the league was to be reorganized.

40 FIREMEN OVERCOME.

By Fumes of Ammonia While Fighting
a Fire in Montreal.

Montreal, P. Q., Aug. 2.—Forty firemen were overcome by ammonia fumes and by clouds of smoke from burning meat and lard during a fire which destroyed the packing plant of the Montreal Abattoirs, Ltd., here yesterday afternoon, entailing an estimated loss of over \$200,000.

Many of the stricken firemen were taken to hospitals, where it is said that all are out of danger, although a few are still in a serious condition.

PALS COWED
AND SLUNK OFFApparent Effort Made to Rescue
"Whitey Jack" Lewis

TAKEN IN ROSENTHAL CASE

Lewis and Detective Were Met at Rail-
road Terminal in New York by Six
Gangsters, Who Were Foiled—Police
Much Elated Over the Capture.

New York Aug. 2.—"Whitey Jack" Lewis, one of the four men accused of shooting Herman Rosenthal, was given the third degree to-day to glean further information that would supply corroboration of the confession of Jack Rose, Harry Vallon and "Bridge" Webber that police Lieut. Becker sought the death of the gambler. Lewis was arrested at Fleischman, N. Y., yesterday afternoon and was brought here this morning by Detective Harvey.

When the train bearing the prisoner reached Weehawken terminal six East Side gangsters started towards the train, but seeing several detectives from headquarters the gangsters slunk into the station. No move was made to rescue the prisoner. Lewis declared that he would prove an alibi. He asserted that he was out of the city at the time Rosenthal was killed.

Police are Much Elated.

It was reported at police headquarters that "Lefty" Louis and "Gyp" the Blood, two of the alleged murderers still at large had been tracked to the same vicinity and that their arrest would soon take place. The news that at least one of the fugitives had been trapped was received with great elation at police headquarters, because of the criticism that has been directed toward the police department for their failure to arrest any of the men charged with the actual killing of the gambler which occurred on July 16.

Police now have in custody two of the four alleged assassins, the other being "Dago" Frank, who is now in the Tombs, and a fellow prisoner of Police Lieutenant Charles Becker, who is charged with instigating the gunmen to kill Rosenthal in order to stop his exposure of alleged blackmail levied by the police upon gamblers.

Trying to Weave Net About Becker.

Following out this policy of a two-fold prosecution, Mr. Whitman is lending his efforts to weaving closer around Becker the web of evidence by which he hopes to convict him of being "the man who instigated the murder of Rosenthal." He called before the grand jury John W. Hart, Becker's attorney, and through him established the fact, he said, that while Rose was a fugitive from justice, Becker sent Hart to him to get an affidavit clearing the police of the charge that he was a partner in the gambling establishment of Herman Rosenthal. This was on the night after the murder and according to Rose's story, Hart came to him at his hiding place on Riverside drive, after he had telephoned Becker to know if he was going to be protected for his part in the murder plot. Rose admitted to the district attorney that he was in an almost hysterical condition that day on account of his fear of arrest and had telephoned to Becker no less than four times.

The legal importance of Hart's visit in the view of Mr. Whitman is that Becker failed in his duty as a police officer in not arresting Rose when it was published broadcast the next day that he was wanted by the police. It was not until Hart was haled before Judge Mulqueen as a contemptuous witness that he would admit before the grand jury that he had gone to see Rose, basing his refusal on the ground that he was acting for his client, Becker. Hart, it was learned, testified that he had advised Rose to give himself up after consulting with another lawyer.

According to Rose's story, Hart told him that if he did not make the affidavit, Becker would not protect him.

POSTOFFICE REMOVAL AUGUST 5.

Transfer Will Be Made in Time for Mail
Delivery on That Morning.

Postmaster Bisbee made the following announcement this morning:

"Unless something unusual occurs, the postoffice will be removed to the new building, and the early morning mail on Monday, August 5, will be distributed there. The mail of all patrons, who now reach boxes will be removed to the same numbered box in the new building, or such box as has been heretofore arranged, without additional expense for the current quarter to be ended Sept. 30. But the new box equipment, however, have key locks; and there are three keys for each lock."

"When the keys are given out a deposit of 25c for each key will be required. Such deposit will be returned to the box renter on return of the key in good condition."

"Patrons, who desire to do so, can procure their box keys at the money order window of this office after 1 o'clock on Saturday afternoon, August 3. This particularly applies to those patrons who come for their mail before 7 o'clock in the morning; because other work, in the new office, may prevent giving out keys before that hour."

THIRTY MILES OF GOLF.

Two Burlington Men Made 11 Rounds
from Sunrise to Sunset.

Burlington, Aug. 2.—A remarkable golf match was played yesterday at the Waubesa Golf club between H. C. Clark and Henry Holt, Jr. The match consisted of 11 rounds, or 99 holes. Mr. Clark allowed Mr. Holt three bisques on each round at the 98th hole. Mr. Holt was one up, and by using a bisque on the 99th hole he halved it, winning the match by one up.

Play began about 5 a. m. and ended at 6:45 p. m., and the distance covered was about 30 miles. No caddies were used, and the players ended their unique match in perfect physical condition.

SUPT. ANKER OF GAS CO.
DIED THIS MORNINGHad Made Brave Struggle Against Tu-
berculosis for 10 Years—He Had Been
in Charge of People's Gas Company
For Eight

The death of G. H. Anker, superintendent of the People's Gas company, business man of 40 years, occurred at his home, 65 Franklin street, this morning at 3:45 o'clock, after a long illness of tuberculosis. Anker had been confined to his bed for several weeks, and his death was a brave struggle with the disease that dates back over a period of 10 years.

Besides his wife, he leaves two children, Marion Anker, and Herbert Anker, Jr., both of whom live in this city. A sister, Mrs. J. W. Vaughan of Barre, and a brother, John Anker of Waterford, N. Y., also survive.

Mr. Anker was born in Waterford, N. Y., January 15, 1873, and was therefore 39 years old. His boyhood was passed in his native town, and before reaching manhood he enrolled at Troy University, where he collected gas. He was graduated in 1890. Later he attended Albany Business college at Albany, N. Y., where he completed his course in 1894. He came to Barre 18 years ago and for some years thereafter he was engaged as the local manager for the C. E. Tynntor Granite Co. of New York. For the short space of a few years, he was also connected with the firm's New York office. His marriage took place in Waterford, 15 years ago.

Eight years ago, the newly organized People's Heating, Lighting & Power Co. selected Mr. Anker to become its first superintendent, and in this capacity he had served until the end. The deceased was a man who enjoyed the respect of every business man in town, as well as all who knew him. In discharging the multitudinous duties of his position as superintendent of the gas company he plainly remembered that he was also a public servant, and his manifest desire for fair business dealings won for him a deserved reputation.

In his fraternal life, Mr. Anker was a member of Granite lodge, No. 35, F. and A. M., Granite chapter, No. 28, R. A. M., Vincetta lodge, No. 10, K. of P., and Swedish temple, D. O. K. K. He was a member of the Episcopal church and an earnest worker in the Church of the Good Shepherd.

Prayer services will be held at the house Sunday afternoon at 2 o'clock, and the funeral will take place at the Church of the Good Shepherd at 2:30 o'clock, the rector, Rev. W. J. McBeath, officiating. The interment will be at Elmwood cemetery.

FUNERAL OF ACCIDENT VICTIM

And Body of Michael Coyne Was Taken
to Waterport, Me., for Burial.

The funeral of Michael Coyne, the quarryman, who met his death Tuesday morning from a 45-foot drop to the bottom of the quarry pit of the Standard Granite company, was held yesterday afternoon, the services being held at St. Sylvester's church, Graniteville. Rev. Joseph Turcot, pastor of the church, officiated. The body was brought to this city yesterday and taken to Waterport, Me., where the interment will be made. The remains were accompanied by Michael Coyne, Jr., of Waterport, Me., who was called to Graniteville Tuesday by the death of his father. Henry McCarthy, James Boyce, Fred Rock and Thomas Gagneau acted as bearers.

BARRE CITY HOSPITAL.

Notes Concerning Condition of Patients
and Gifts to Institution.

Many jars of fruit, which were donated to the City hospital bag day, were not marked. Most of the marked jars have been returned and others will be returned soon. Anyone who desires their jars for use can have the same by calling at the hospital or, if unable to do that, the hospital will try and take them to their owners. Those which are marked Graniteville or Websterville have been put one side for an opportunity of sending them there. If someone from those places is in the city with teams and would be willing to call for them, it would be greatly appreciated. A large amount of canned fruit and vegetables was donated last year and thoroughly enjoyed by the patients. Money could not have furnished an equivalent in factory canned goods. Donations of all kinds were very generous, and their actual value could not be estimated.

During the past month, the Sunshine class of the First Baptist church contributed towards the purchase of an electric fan for the hospital. It has been a source of great comfort during the hot days, making the patients feel cool and enabling them to rest. Without the fan, the needed rest would often not have been secured.

L. H. Bartlett and son, Philip, who came here from Santa Rita, New Mexico, to visit Miss Ruby Bartlett at the City hospital, have been spending a few days in Boston and in Fairfield. Miss Bartlett is now considered out of danger and is gaining as rapidly as could be expected. Only the splendid condition of Miss Bartlett when she was burned enabled her to so successfully gain the victory.

Gordon Williams, the nine-year-old son of Mrs. Annie Williams of Hartford, Conn., returned from the City hospital yesterday to the home of his uncle, Dr. O. G. Slickney, where he will remain about 10 days.

OUT ON \$1,000 BAIL.

Noel Guillelte Arrested After Death of
Frank Dennis.

Winowski, Aug. 2.—Noel Guillelte, charged with manslaughter, was brought before Judge Conlin in municipal court yesterday and pleaded not guilty to the charge and waived examination and was released on bail of \$1,000 for appearance at the next term of Chittenden county court. Guillelte is charged with being implicated in the death of Frank Dennis, the two being mixed up in a fight Sunday night, July 21, when Dennis fell to the ground and died from a ruptured blood vessel in his head. V. A. Bullard appeared for Guillelte and the state was represented by State's Attorney H. B. Shaw.

Weather Forecast.

Fair to-night, followed by showers; moderate, variable winds.
